KOKODA
CHALLENGE

MATES IN CONSTRUCTION KOKODA TRACK 2016

Join us as we pay our respects to our wartime heroes of old and walk with MATES for our MATES in Construction. Each trek group will hold commemorative ceremonies at the battle sites to pay our respects to our Australian troops and will attend an emotional service at Brigade Hill

The Kokoda Track stretches 96 kilometres through what is arguably some of the most rugged and wild jungle in the world. This track holds an extremely important place in Australia's history.

From July 1942, the route over the Owen Stanley Range witnessed the battle hardened Japanese war machine encounter young, unprepared, untrained unproven and hopelessly outnumbered Australian soldiers.

After completing this trek you will feel proud to have paid your respects to Australian wartime history & have completed a personal physical challenge. In addition you will be part of raising funds and awareness for Mates In Construction to help them help others in challenging circumstances.

MATES IN CONSTRUCTION KOKODA TRACK 2016

ITINERARY

DAY 1 We leave Brisbane and fly directly to Port Moresby and are met by our ground transport at the airport and we are transported back to our hotel. Here we undertake an extensive in-country brief including what to expect, how to pack and other administration for your trek.

DAY 2 We transfer out to meet a spectacular flight to Popengetta airport. From there we transfer by vehicle through the countryside to Kokoda Station. Once on the ground at Kokoda Station we hear the history of the battles of Kokoda, visit the Australian monuments and small museum before hitting the Track and heading to our night location Deniki.

DAY 3 A bright and early start for our first full day on Track and we head toward post war village Isurava before continuing onto the Isurava Battleground – a moving and emotional monument built to remember those that fought on those hallowed ground during the battle of Isurava. From there we have a cheeky climb up and over toward the spectacular views of our night location, Alola village.

DAY 4 Your first big day! After a steep descent down from Alola and a river crossing we head toward Eora Creek the site of a Regimental Aid Post during the battle and the scene of some fierce fighting on both the fighting withdrawal and the Australian Advance. From here we climb out of the creek line and notice the many weapons pits still visible today. We head toward Templeton's crossing, named in honour of Captain Sam Templeton and our night location at the base of Mt Bellamy.

DAY 5 We're up early for a hill climb up to the amazing views of the Kokoda Gap. From here we reach the highest point of the range and then continue on to 1900 for morning tea and Naduri Village for lunch. The team then proceeds on to Efogi Village for our night location at which time we're officially over half way!

DAY 6 This morning begins with an emotional climb up Mission Ridge and onto Brigade Hill the site of one the fiercest battles of the campaign. After taking some time to hear the history we pay our respects to those lost in our Brigade Hill Service. From there we continue down to Menari village and onward to Brown River for the night.

DAY 7 Today we start in the swamp and then slowly climb up through the village of Nauro and up over the Maguli Range. Here you will encounter the famous nine false peaks before heading down Japs Ladder and across the beautiful Offi Creek to our night location.

DAY 8 We have two big ridges to tackle today. We start with climbing the formidable Iroibaiwa Ridge, the furthestmost point of the Japanese advance. We then move down through the stunningly beautiful Ua-Ule Creek where we spend our time crisscrossing through the river in this moss-covered forest. We reach the location of the "Golden Staircase" and climb up Imita Ridge before arriving at our night location of Uberi.

DAY 9 This morning we walk for a few hours to the Goldie River where we cross and start our last climb up to the Kokoda arches at Owers Corner and complete our trek. We then proceed on to pay our respects at the Bomana War Cemetery and commemorate World Suicide Prevention Day. From there we proceed back to the hotel to refresh ourselves for our dinner celebration.

DAY 10 We rise early to transfer to the Airport and fly home to our family and friends with a lot of great memories, a fantastic group of friends and a new appreciation of those that took part in the Kokoda campaign.
